### SNOW AND RAIN.

New Mexico Section of the Weather Bureau Issues Bulletin.

CONDITION OF THE TERRITORY.

United States Department of Agriculture, Weather Bureau, Santa Fe N. M., March 7, 1901.

Notwithstanding the warm weather of February and the rapid meiting of the snow, the depth on the higher al titudes of northern mountains practically the same on the 28th of February as it was on the 11th; hav ing been augmented from time to time during the month, but especially by the general storm of the 23d. At the neadwaters of the Canadian. Pecos and the streams feeding the upper Ric Grands in New Mexico, the depth on the northern sides of the higher moun tains in command from three to six test but has simout entirely disar peared in the talleys. At the head enters of the Cim. Mimbres and Su Francisco there is still considerable snow in the higher mountains, more than usual for the segson, out it i fast disappearing except in the deepe car your of the highest summits; the extreme antheast there has been much less on w than usual during the of drouth. Rhowhere in the territor, the s'eams promise a full and stead samply of autor for some weeks to come, grass is getting an early as digorous start, considerable plowing has been due under the heat cond tions of soil and the present outlook for farmers and stockmen is most fa

snow as usual. Sacramento Mountains-Cloudcrot A. Blacker: None in valleys, but or north sides of canyons from twenty four to thirty-six inches deep. places the canyons are almost impassable from torrents. R. M. HARDINGE.

Hell Canyon to the Front. A representative of the El Paso ( 1 smelter arrived in this city early last Friday morning and secured a rig and lost no time in reaching the Star mine in Hell canyon, where he met the Me-Kinney brothers, the gentlemen in charge of the big copper properties. The El Paso man was not long in making his wants known, and in a very short time accomplished the object of his visit by securing a contract from the managers for the treatment of all their ores at the Pass city smelter. Heretofore one-half of the mined product was shipped to the smelter in Pueblo and the remainder was sent to El Paso, but now, under the new manlivered to the latter place for reduce 8ANTA FE ROUTE agement, all of the ores are to be detion. The rich strike recently made in the Star is yielding exceedingly high values to the jubilant owners and the

prospects indicate that much richer ore

By unanimous consent Mr. Cruick awr in respect to the inspection of coal oil inspector. Mr. Spiess in veighed against any such sweeping measure, saying he was opposed to deemed of the first importance for the Standard Oil company, making New Mexico a dumping ground for its most inflammable, cheap and day gerous products, and declared that is favored some such law as that proposed by Representative Barnes which would cut down the inspection ces, but raise the grade of oil to b marketed in New Mexico. Mr Cruickshank pressed his bill for immediate passage. Mr. Spiess moved o refer it to the committee on terri orial affairs, with instructions to renort it back to the council in three days. The thing to do, said Mr. Criuck shank, is to repeal the old law and then enact a new one with proper safeguards on this subject. Mr. Harison agreed with Mr. Cruickshanz After a lengthy and spicy debate the bill to repeal the coal oil law and abotish the office of inspector passed, 10 ter, regulating the fees of county to 2, Messra. "A Breezy Time" Will Again Be Here Friday Night.

ANDREWS OPERA COMPANY.

PRIDAY NIGHT, MARCH 16. 'A Breezy Time" company, per runest will appear again at the Neher pera house, the date being Friday, light, March 15. An exchange says: Mr. Pitz, the proprietor and mana-ger of "A lireczy Time," which will sp-pear here shortly, is a Knight Templar and a thirty-second degree Mason, and also a Mystle Shriner. On one of his fingers he wears a ring presented to him by his wife, with all the different emblems of the above orders on H. The other morning, while he and his wife were at breakfast, he suddenly discovered that he had left the ring his room, and at once hastened for . After an unsuccessful search of the oun for a few minutes, he saked the chambermaid, whe was making the bed at the time, if she had seen it. She answered that the only ring she ad found was "this napkin ring," and he presented to him the ring he was
